

Gausman & Moore is pleased to sponsor the Lake Superior Design Retreat in 2011

Gausman & Moore staff have attended the Lake Superior Design Retreat for 20 years. Mark Leutgeb and Daniel Biggar attended the 2011 LSDR Retreat on February 25th.

The Lake Superior Design Retreat is an always fascinating, 2-day journey into the world of the Design Process through the eyes of designers from many, often quite diverse, disciplines.

In 2011 we heard from the designer of a flying car, the author and illustrator of childrens books, an arctic and antarctic explorer and snow shelter designer, and the designer of \$1500.00 one-day constructable shelters to replace the slums of Soweto, South Africa. February in Duluth? Why not?
