

## Speaking Out for Listening House

Listening House is a day/evening shelter and community referral center that provides hospitality, practical assistance and counsel to people who are homeless, disadvantaged, or lonely. It aspires to help its guests find hope in the spirit of community. And for those who do not have a safe haven or someone to welcome them, Listening House offers both hope and help.

Gausman & Moore's staff had the opportunity to participate in this Community Outreach program. Staff members donated a variety of clothing material including pants, jackets, socks, shoes and t-shirts and personal items including shampoo, toothpaste, tooth brushes, wash clothes and lotion. Financial donations were accepted for monetary support.
